COURSE OVERVIEW

Communicating effectively with individuals and groups is an essential quality both in our private and corporate lives. Individuals who are excellent communicators and powerful influencers can move others to take action. Speaking with confidence, purpose and impact are keys to achieve this and can be attained in this program.

BUSINESS OUTCOMES

Engage customers and colleagues better

Engender clearer understanding of products, procedures, company initiatives

Result in more favorable outcomes for the organization.

LEARNING OUTCOMES

Practical communication and listening skills in order to engage others successfully.

Non-verbal Communication - It Speaks Louder Than Words!

Develop practical skills to give an impressive performance and fill people with enthusiasm and admiration

TESTIMONIALS

"Great! This training should be done throughout the management / non exec level."

"Lively course with good interaction."

"Great and insightful training on communication to different category of people."

Senior Management,
Wilmar Group (Malaysia)
