

"Very good training. Trainer provided good examples and real life situations. The trust building process here can be implemented to build a cohesive team. More hands on exercises would have been better if there was more time."

SELF DISCOVERY & BUILD TRUST

16 - 17 June 2023

Le Quadri Hotel, UCSI Cheras, Kuala Lumpur

COURSE OVERVIEW

Trust is a powerful thing. It serves as a foundation for organizational success and it builds bridges between people of different persuasions, allowing them to move forward together in a common direction.

The Reina Team Trust Program is designed to assist the leadership team members in building and strengthening trust and being on the same footing as the regional team members.

LEARNING OUTCOMES

An understanding of the team's baseline Total Trust Score and identify specific behavioural areas

Understand the behaviours of team members and practice how to build or break trust.

Discover how trust affects collaboration and effectiveness among your team members.

WHO SHOULD ATTEND?

- Managers
- Senior Managers
- Directors
- Head of Departments
